Lahore, Pakistan

☎ (+92) 323-0531104 | ✉ imrankareemi07@gmail.com | 🌐 imran-karim-env

## Summary

Detail-oriented Environmental Scientist and Project Manager with a strong foundation in EIA/IEE reporting, sustainable development, and corporate operations. Proven track record in managing mega-scale environmental projects and conducting baseline surveys for international development initiatives, including ADB-funded projects. Co-Founder of a youth-led NGO with demonstrated leadership in stakeholder engagement, business development, and strategic communication.

## Work Experience

### Eco Syntec Consulting Services

Lahore, Pakistan

ASSISTANT PROJECT MANAGER

Sep. 2025 - Present

- Coordinate operations for mega-scale environmental projects, ensuring strict compliance with EPA sustainability standards and timely delivery of technical reports.
- Spearhead business development initiatives; draft technical proposals and contracts to secure new contracts and expand client portfolios.
- Design high-impact presentations for public hearings and stakeholder consultations to enhance brand visibility and community buy-in.
- Oversee internal workflows, manage recruitment support, and lead team coordination efforts to optimize project lifecycles.

### Eco Syntec Consulting Services

Lahore, Pakistan

ENVIRONMENTAL SPECIALIST INTERN

Aug. 2025 - Sep. 2025

- Authored detailed environmental assessment reports (IEE/EIA) for senior consultants.
- Successfully organized and facilitated official public hearings and stakeholder consultations regarding environmental impact.
- Conducted initial market research and content creation to support firm marketing strategies.

### STEPS (Sustainability Through Env. Professional Services)

Punjab, Pakistan

FIELD OFFICER / PROJECT INTERN

Feb. 2025 - Mar. 2025

- Conducted critical baseline data collection for an **Asian Development Bank (ADB)** funded Transmission Line Project (Faisalabad to Islamabad).
- Assessed environmental conditions and gathered socio-economic data to determine project impacts on local rehabilitation.
- Deployed technical survey skills to ensure accurate data logging for the project's Environmental Impact Assessment (EIA).

### ACT Org Pakistan

Lahore, Pakistan

CO-FOUNDER

Nov. 2022 - Present

- Lead a student-led NGO focused on climate change awareness and environmental activism in underprivileged schools across Pakistan.
- Partner with diverse organizations to execute educational campaigns regarding climate threats and sustainability.
